INTERPRETER

POST SEASON CONCERNS

Initial Rounds are staffed with two (2) person crews. Later rounds are three (3) person crews.

Points of emphasis:

Penalty kick scores are to be recorded by ALL Officials.

Run-up by kicker is to be watched carefully. If wrong (stutter stepping) the kick is retaken.

Do not allow Goalkeeper to confront kicker. Official should hold ball until Keeper is on line, then hand ball to kicker.

Yellow card to Designated Kicker results in shooter missing next round.

SHOOTING List of players can be changed at ANY TIME BY THE COACH.

Higher Seed is HOME and wears light color.

Referees are to wear MATCHING Uniforms (Style to be similar)

GENERAL DISCUSSION

During corner kick, a shot that is handled at the post, if the defender's hands are within the body, should NOT be treated as DOGSO with Red card issued, but a straight PK. The consensus was that the body would have prevented the goal.

During Corner kick, the ball must be moved and not just tapped.

Discussion was held regarding "Deception" in corner kicks. First was the tap play, double touching by one player and the possibility that the coach's instruction could be an attempt to deceive the defense.
