Order of colors #1 Yellow, # 2 Black Then matching colors (even if using Older USSF jerseys)
Goal is to match same color and style

Rule Change Clarifications:

9.2.3 Drop Ball. The clarification is to the number of players. The referee must drop the ball between two opposing players. The rule is written badly (Any number of players)
If the drop ball is in the penalty area, the Goalkeeper cannot play it with his hands. The Goalkeeper may contest outside the area.

If the drop ball is in the penalty area, the Goalkeeper **and only after the permission by the attacking team**, the Goalkeeper may pick up the ball.

Other players are to be away from the spot of the dropped ball.

3.4.3. Time wasting. The referee is to stop the clock in the last 5 minutes of the game whenever the leading substitutes players. The stoppage is regardless of the score. The clock does not stop if the losing team substitutes. If both teams substitute in last five minutes, there is no stoppage. If the game is tied there is no stoppage.

Referee is to signal "TIME OUT" for leading team substitutions.

Questions: Regarding time wasting by home team. L. Taylor asked what is to be done if the HOME TEAM has failed to provide ball chasers OR sufficient number of balls and keep booting the ball out of bounds. Referee, in the second half, may notify the coaches that time will be stopped. If the HOME TEAM is losing there will be no stoppage. **Referee is to signal "TIME OUT" for time wasting.**

Rule Clarifications/Points of Emphasis

Questions: Regarding use of arms for space near ball.

What is to be done if two players are extending their arms.

As long as the players are not using the arms to push, grab or obstruct it is not improper. Let the players play unless there is improper interference or one is gaining an unfair advantage.
